Company Profile

Hebei Yuehong Intelligent Welding Equipment Co., Ltd., established in 2019, is a high-tech enterprise specializing in R & D, design, production, sales and service of long-distance pipeline welding, anti-corrosion construction equipment and industrial welding robots. It is a comprehensive equipment manufacturer of pipeline welding, anti-corrosion and industrial robots in North China. The company has passed ISO9001 quality system certification.

Based on the world's advanced intelligent manufacturing technology achievements, the company has independently developed a variety of automatic and intelligent construction equipment and advanced construction technology, and has a number of achievement patents.

The products for pipeline welding and anti-corrosion construction are circulating removable and recyclable sand blasting system, automatic 3LPP/3LPE polyolefin coating equipment, pipeline intermediate frequency heating equipment, pipeline infrared heating equipment, pipeline internal welding machine system, single and double torch full range of pipeline all position automatic welding system, pipeline anti-corrosion coating peeling strength tester, etc; The automation equipment used for industrial welding are Industrial six axis welding robot workstation, four axis robot workstation, automatic rotary welding system, straight seam welding system, circumferential seam welding system, weld laser tracker, stainless steel high-speed double tungsten arc welding (TETW) technology and its supporting equipment, as well as intelligent monitoring system for welding operation data, etc.

The company has carried out extensive and in-depth cooperation with well-known enterprises at China and abroad, such as Nachi from Japan, Kawasaki from Japan, Fronius from Austria, Kemppi from Finland, megmett, Times from Beijing, etc. Products are widely used in long-distance pipeline construction, shipbuilding, fitness equipment, elevator components, steel tower, metal furniture, semi trailer, conveyor, military aviation and other fields.

With strong technical strength, our company will provide customers all over the world with one-stop equipment, services and customized solutions in the field of industrial manufacturing and long-distance pipeline construction, continue to create long-term value for customers.

证书号第 12604322 号

实用新型专利证书

实用新型名称：一种三瓣式管道补口聚烯烃缠绕设备

发 明 人：王爱国

专 利 号：ZL 2020 2 1624409.8

专利申请日：2020 年 08 月 07 日

专 利 权 人：河北岳泓智机科技发展有限公司

地 址：053100 河北省衡水市枣强县中关村产业协同创新基地 1 号
车间

授权公告日：2021 年 02 月 26 日 授权公告号：CN 212617042 U

国家知识产权局依照中华人民共和国专利法经过初步审查，决定授予专利权，颁发实用新型专利证书并在专利登记簿上予以登记。专利权自授权公告之日起生效。专利权期限为十年，自申请日起算。

专利证书记载专利权登记时的法律状况。专利权的转移、质押、无效、终止、恢复和专利权人的姓名或名称、国籍、地址变更等事项记载在专利登记簿上。
